

Lucas County House Districts

In Lucas County, two marginally Republican districts (HDs 51 and 52) were created in the western part of the county by concentrating Democrats in heavily Democratic HDs 49 and 50. Republican manipulation in Lucas County featured even lower compactness than that employed in the preceding Democrat gerrymanders. HD 52's C.I. of 17.7 is lowest of any state legislative district ever drawn within Lucas County.
