

## House District 66

### 1971 Apportionment Board (Democrat Plan)

Another of the "throw-away" districts in the Columbus suburbs was HD 66. It combines the remainder of Franklin County with southern Delaware County, it has a C.I. of only 21.1, it is the most "Republican" district in the plan (with a Democratic Index of 32.6), and it paired

Republican incumbents Ken Creasey and Larry Hughes against each other.
