

## House District 28

### 1971 Apportionment Board (Democrat Plan)

A third "throw-away" district in Franklin County was HD 28. With a C.I. of 28, it is fairly compact; as one of its designers said, "We put every Republican we could find in this district."

Note the "hole" in its center. That's the O.S.U. student housing area known as Buckeye Village---a vote-rich area for Democrat candidates in the 1970s.
