

GUIDELINES FOR VOTERS

RANKED CHOICE VOTING

1. Rank three DIFFERENT candidates, 1, 2, 3.
2. It's best to use ALL THREE of your rankings.
3. Your second and third rankings are your "insurance" or your "runoff" choices in case your first choice cannot win.
4. Bullet voting (ranking only one candidate) or ranking your favorite candidate three times does NOT help your candidate.
